### PROFILE

Full Stack Developer with 1.5+ years of production experience as Solo Lead of an internal multi-tool platform at Pro Gamers Group. Co-Founder of a pet supplies e-commerce company. Operating an SEO-driven community platform with organic traffic. End-to-end ownership from design to deployment.

### WORK EXPERIENCE

#### Application Developer (Working Student)

##### Pro Gamers Group

Nov 2024 - Present · Berlin, Hybrid

Solo Lead Developer of the internal platform “Innova” for compliance, content management, and portals. Responsible for architecture, implementation, deployment, and operations. Worked on forecasting tools for demand planning. Handled security incidents including forensics and system hardening.

#### Customer Support (Working Student)

##### Pro Gamers Group

Aug 2024 - Oct 2024 · Berlin

Customer support, ticket and returns management. Promoted into developer role after three months based on demonstrated technical ability.

#### Sales Assistant (Part-time)

##### Jack & Jones

May 2023 - Jul 2024 · Berlin

Customer advisory and active retail sales with focus on needs-based consulting and upselling.

### SELF-EMPLOYMENT & VENTURES

#### Full Stack Developer (Self-employed)

##### cthiel.dev

Oct 2025 - Present · Berlin

Building and operating own platforms and open-source tools. Built Texturepack.BE – a community platform competing in SEO against larger teams. Released Bongo Penguin for COSMIC Desktop in Rust.

#### Co-Founder & CTO

##### Snuband UG

Sep 2025 - Present · Berlin, Part-time

Niche e-commerce for dog muzzles with B2C and B2B sales. Responsible for tech stack, store operations, and compliance. Acquired a major client during launch phase.

### PROJECTS

**Innova Platform** – Internal multi-tool platform. Next.js, FastAPI, MSSQL, Docker. Sole developer.

**Texturepack.BE** – Community-driven platform with organic traffic, Discord bot with user-requested tools, and a 3D rendering flow to automatically create YouTube showcase videos. Next.js, PostgreSQL, Discord.js, Python, Blender.

**Snuband** – Pet supplies e-commerce. Shopify, Liquid, Next.js, PostgreSQL.

**Bongo Penguin** – Open-source applet for COSMIC Desktop in Rust.

### VOLUNTEERING

#### Swim Coach

##### DLRG Charlottenburg-Wilmersdorf

Aug 2021 - Dec 2024 · Berlin

Coached children and youth swimming groups, competition training, and camp planning.
